

Preshrunk, Fingers Crossed

We cant change this world alone
But as part of the movement
Theres a chance to state
What we think and feel
Cant say that were proud
Of whats all around
We just hope therere those that make out
What the movements all about
Hardcore movement
In my heart
Hardcore movement
In my mind
Hardcore movement
In my veins
Hardcore movement
Till the end
We will always keep our fingers crossed
We will always keep our fingers crossed for the movement
