But words aren't enough to fill my cup

CHORUS

Looking up, how I'd love to join them
But I never learned to fly
I never learned to fly
(That's not the reason)
That I have never tried
(What you believe in)
I guess it seemed so tired
(What you believe in)

So face your own flood
Together we'
Drown, just like we never did before
Just like we never did

REPEAT CHORUS
