Pretenders, Only Human On The Inside

I play a good game, but not good as you I can be a little cold, but you can be so cruel I'm not made of brick, I'm not made of stone But I had you fooled enough to take me on If love was a war, it's you who has won While I was confessing it, you held your tongue Now the damage is done... CHORUS: Well there's blood in these veins And I cry when in pain I'm only human on the inside And if looks can deceive Make it hard to believe I'm only human on the inside I thought you'd come through, I thought you'd come clean You were the best thing I should never have seen But you go to extremes, you push me too far Then you keep going 'til you break my heart Yeah, you break my heart See I bleed and I bruise, oh, but what's it to you I'm only human on the inside And if looks could deceive, Make it hard to believe I'm only human on the inside I crash and I burn, maybe some day you'll learn I'm only human on the inside I stumble and fall, baby, under it all I'm only human on the inside And the damage is done... CHORUS: Well there's blood in these veins And I cry when in pain I'm only human on the inside And if looks can deceive Make it hard to believe I'm only human on the inside I crash and I burn, maybe some day you'll learn I stumble and fall, baby, I do it all I'm only human on the inside
