## Pride And Glory, Fading Away

Should I feel lost Or should I feel found What should it be? Up or down Won't yo please help me...

Searching high I'm searching low

Where might it be? A loss for words

That'll set me free

Fadin' away

Mama, it's been a year to the day

You ask for this They sell you that A better place

Is where I hope you're at

Who's gonna live and who's gonna die?

Is it hello or goodbye? Could you tell me how Could you tell me why Fadin' away

Mama, it's been a year to the day

When the daisies are growing over top of me

Where is it that I go Running out of time Lord, I need to know Fadin' away

Mama, it's been a year to the day
