

Primal Fear, Living For Metal

They were comin' to our city
With a wall of energy
Got their records and went crazy
This is how it's gotta be

This heavy sound
Has got into our veins
It tore us all around
Exploring our brains

Living for metal
You keep us going
Living for metal
We hear you roaring
Metal is our life

Now we're comin' to your city
Formed a band right on our iwn
All the fans are going crazy
Playing metal all night long

This heavy sound
Has got into our veins
It tears you all around
It's getting in your brain

Living for metal
You keep us going
Living for metal
We hear you roaring
Metal is our life

-Solo-

Born to play the sound
Bang to the beat
Which turns you on
(Which turns you on)
Feel the shakin' ground
So stamp your feet
And sing this song

Living for metal
You keep us going
Living for metal
We hear you roaring
Metal is our life

Living for metal
You keep us going
Living for metal
We hear you roaring
Metal is our life
