

# Primal Scream, Accelerator

Walk this streets full of dead meat  
Empty head, cancelled eyes  
Got a pain, got hunger  
Lord my soul ain't satisfied

Come on, come on  
Hit the accelerator  
Come on, come on  
Hit the accelerator Ain't hard to be a sinner  
Lord it's hard to be a saint  
Had a taste, you've had a glimmer  
Start to shiver, can't be?/see? what you aint

Come on, come on  
Hit the accelerator  
Come on, come on  
Hit the accelerator

Here we come, we're coming fast  
All the others are in the past  
Voices screaming in my head  
It's the future, It's the future

Come on, come on  
Hit the accelerator  
Come on, come on  
Hit the accelerator

Come on!!
