

# Prime Time, Shine On

[Solo: Henrik]

Daybreak kicks me back in line  
Can't shake the dreams, won't leave the lie  
Don't want to lose the thrill

Choose if you want, this part of town  
Is where the rich don't hang around  
I want to get away: get me out

Time to love  
Time to share  
Time to hope

Lifting the stone right off my grave  
I'm going back same time, same place  
Ain't gonna lose the price

Back eye to eye, the moment's there  
The choice to shoot is once to rare  
This time I'll stand my ground  
Count me out!!!

Time to love  
Time to share  
Time to hope

Time to feel  
Time to care  
Time to try the other way

Shine on me  
Shine on me  
[Solo: Tony]

Time to love  
Time to share  
Time to hope

Time to feel  
Time to care  
Time to try the other way

Shine on me
