

Primer 55, Lou Evil

Open up the door and come in.

I take off my coat

take a good look, take a good look around

tip toe across the room

but I take my time

because I'm in no hurry

I've got all night yea-

(chorus)

won't you spend time with me? All night,
just you and me, candle lights, red wine, our time
here in the city.

I love your company, all night, just you and me

let's dine, unwind

our time, here in the city.

Still waiting, so I proceed

two steps to the bar

I take a glass, pour myself a drink,

turn the music on real low

this will do just fine, set the mood for me.

Set the mood right yea-

(repeat chorus)

I hear movement in my bed.

And I feel the urge, should I proceed?

I said should I proceed?

I stumble down the hall, to the bedroom door.

Open it just a bit, so I can see you

(repeat chorus)

(bridge)

here in the city

biding my time, losing my mind

things I can't hide, no longer inside.

(solo)

(chorus)
