

# Prince, Da Bourgeoisie

Yesterday I saw you kicking with another girl  
You was all wrapped up around her waist  
Last time I checked, you said you left the dirty world  
Well, it appears that wasn't the case!  
Hey, I see you're undercover like a C.I.A  
Snatch a little weed from another f-cat  
That's fridge??  
I guess a man is only good for a rainy day  
Or maybe you're just another beauty lady at the cabaret!  
Ray Charles even saw you in the past before you saw me,  
But nothing like you never last for eternity  
I got your receipt baby  
But where is the guarantee  
I forgot, the Vegas is a Christmas tree!

I wish I never kissed your lips pretty lady,  
Oh, wait! Baby  
I wish I never kissed your lips, aaah!  
Does erase the glass the memory  
Slippery lips of Da Bourgeoisie,  
Everybody sip right up, come and see  
The beauty lady take me up to G!

Yesterday I saw you kicking with another girl  
You was all wrapped up around her waist  
Last time I checked, you said you left the dirty world  
Well, it appears that wasn't the case!  
Hey, I see you're undercover like a C.I.A  
Oh, no more rainy days  
Just another beauty lady at the cabaret  
Just another beauty lady at the cabaret  
Just another beauty lady at the cabaret
