Performed by george clinton  
Composed by tracey lewis and dallas austin  
San diego freeway northbound around  
Culver city westwood into beverly hills  
U've gone hollywood  
I'm gonna look, I won't touch  
Oh it's live but then, thanks very much  
Where the happening be at 2 night it's hollywood  
As I stepped out on my front porch  
4 miles around I see  
Hollywood the way she once was  
Hollywood the way she be  
As I step back upon my back terrace  
Amongst the pretty leaves on my lemon tree  
San fernando valley way below

I'm struttin' 2 the east side of hollywood  
I'm stompin' on the west side of hollywood  
I'm steppin' 2 the north side of hollywood  
I'm struttin' 2 the south side of hollywood

Chorus:  
Holly wants 2 go 2 california (livin' in hollywood)  
Holly would if holly could (livin' in hollywood)  
Holly she belongs in california (livin' in hollywood)  
Holly would if holly could (livin' in hollywood)

Say u want 2 be in the moviestars  
Bourgeois, intercontinental never know where u are  
U've gone hollywood  
I was caught out on the beat  
Without even a single piece of id  
And the man said 2 me it's who u know in hollywood
