

Prince, She Loves Me 4 Me

With this one I can be what I wanna be
I don't have to live up to no one's fantasy
I could write another 300 melodies
But her it's just 3, cuz this one.
She Loves Me 4 Me

With this one I don't even have to comb my hair
I can wear what I want to
Or nothing she don't care
I don't even have to take her on the rollercoaster cuz
Cuz this one, She Loves Me 4 Me

In the morning,
When I rise and catch her eyes
Look deep into mine
I find a better place

This one I can tell all my secrets to
I don't have to make her swear she would never tell anyone
Besides I'm the only one she ever wants to be with
Cuz this one, honestly, She Loves Me 4 Me

When the night falls
And she calls
I run to her side
Cuz she got the ride I like to ride

This one I can take over my momma's house
And I don't have to worry what goes in and out her mouth
All she needs is a little gratuity
She don't like no beef, she just loves me 4 me
This one, She Loves Me 4 Me
