

# Prince, She Spoke 2 Me (Ext. Remix)

Spoke 2 me  
I can't believe it, but she spoke 2 me  
Close 2 me  
I never thought I'd get her close 2 me

Now the moon and the sun belong 2 me  
All my wildest hopes, my crazy dreams  
But they seem more like reality

Fantasy  
This girl fulfills my every fantasy  
She must be  
Specially designed by heaven just 4 me (Just 4 me)

My friends look at her, they see mystery  
But I look at her and I see a masterpiece  
Can it be, I mean really did she?

Spoke 2 me (Spoke 2 me)  
I can't believe it, but she spoke 2 me (Speak 2 me, baby)  
(Speak 2 me, baby)

Spoke 2 me  
I can't believe it, but she spoke 2 me  
And if she hurts me  
I'll take it all with open arms U see (U think I won't?)

'cause like a track under a subway train  
She could roll all over me and I'd still be the same

'cause 2day is the day she spoke 2 me  
I can't believe it, but she spoke 2 me  
Close 2 me  
I never thought I'd get her close 2 me

If I'm stuck in some groovy wet dream  
Don't pinch me  
I don't wanna wake up  
I'm diggin' the scene (I'm diggin', diggin')  
Yeah, baby
