

Prince, What Do U Want Me 2 Do?

I see U picked me out from the crowd
Could it be the way I play guitar?
Master of the soft, not 2 loud
One day, maybe I will be a star
I see U picked me out like U want something
But shame on U, baby, can't U see this ring?

(CHORUS:)

What do U want me 2 do, girl?
What do U want me 2 do, babe?
What do U want me 2 do, girl?
What do U want me 2 do, babe?

I got a woman, U got a man
So we got 2 do what's right
I said U'd get beheaded in other lands
If I were in your arms 2night
Quit tryin' 2 get me under that icy plunder
Boy, oh boy, what a scare, ooh

(CHORUS)

What do U want me 2 do, girl?
What do U want me 2 do, babe?
What do U want me 2 do, girl?
What do U want me 2 do, babe?

U picked me out of the crowd
And ooh, just so bold and so proud
And dressed like U want everybody 2 just say, "Wow!
Didn't her mama teach her better?"
Ow, dressed like that, somebody gon' get her

I see U picked me from the crowd
Could it be the way I play guitar?
Master of the soft, not 2 loud
I don't ever really wanna be where U are, where U are, no

What do U want me 2 do, girl?
Tell me, what do U want me 2 do, babe?
What do U want me 2 do, girl?
Tell me, tell me, what do U want me 2 do, babe?
I ain't tryin' 2 do that
What do U want me 2 do, girl?
