

Private, Killer On The Dance Floor

Uh, come on let me be with you
You got me in the groove
So come on, i got to be with you
We've got nothing to lose

I wanna take you to a fancy bar
Everyone around me knows you're a star
Well i got the hook and you got the look
You are my favorite melody but i'm just a line in your book

There's killer on the dancefloor
There's killer on the dancefloor
Killer on the dancefloor
There's killer on the dancefloor

Uh, come on let me be with you
You got me in the groove
So come on, i got to be with you
We've got nothing to lose

There's killer on the dancefloor
There's killer on the dancefloor
Killer on the dancefloor
There's killer on the dancefloor

Someone told me you play hard to get
I see it in the way you light your cigarette
I know your way but please don't turn me down
Cause you're the best piece of ass that i know in this town

There's killer on the dancefloor
There's killer on the dancefloor
Killer on the dancefloor
There's killer on the dancefloor

Uh, come on let me be with you
You got me in the groove
So come on, i got to be with you
We've got nothing to lose

There's killer on the dancefloor
There's killer on the dancefloor
Killer on the dancefloor
There's killer on the dancefloor

Uh, come on let me be with you
You got me in the groove
So come on, i got to be with you
We've got nothing to lose

Killer on the dancefloor
There's killer on the dancefloor

Killer on the dancefloor
There's killer on the dancefloor
