

Private (Spencer & Hill Remix), Secret Lover

My secret lover
You're what I need
My bullet's in the gun
You're undercover
My secret lover
You're what I need
My bullet's in the gun
I met you at the club no further comment
I said baby let's go back to your apartment
And girl take off your dress let's make this place a mess
It feels so good, so tell me why should i confess?
You're undercover
My secret lover
You're what I need
My bullet's in the gun
You're undercover
My secret lover
You're what I need
My bullet's in the gun
Man, i'm a man machine
Check out my style cause i'm going real wild
I'm plugging in keyboards one at the time
And then i gotta song, gotta a song in no time
I can't wait for you to turn the lights off
This is something that i don't want to get out of
And i keep thinking of the love that we could share
So what's a boy like me supposed to do without you
You're undercover
My secret lover
You're what I need
My bullet's in the gun
You're undercover
My secret lover
You're what I need
My bullet's in the gun
