

Procol Harum, Power Failure

Climbing out of open windows
Crashing down from broken stairs
Keeping watch on smoking cinders
Falling over burning chairs

Tossed and crossed and screwed in transit
broken , splintered, bruised and thrown
Badly shattered, gale force frighty
Rushed across and shown alone

Speech reduced by poor relations
Strung from weeks of self abuse
Chopped up, churned out weeks of greazy
Spark plugs burned up, power's fused
