Prodigy, Death Of The Prodigy Dancers (Vocals k

Well this is where I kill the dancer

Watch the MC kill the dancer

Death of the Prodigy dancer

Come on, come on

Gonna take you with me

Gonna kill you, gonna rock you

Gonna move you, gonna groove you

Tonight, come on

Let it rock, let it move, let it move you, let it use you

Let it move you, let it move you, let it move you

One for the troubles

Two for the time

Three for the lyrics

Four for the rhyme

Come on now

Let it rock, let it rock

Pump it up, rock it up

Don't stop to the fuckin core

Maxim Reality is talking to you (?)

Let it rock you, let it rock you

Let it move you, let it groove you

Let it rock, let it rock, let it rock

Let it rock you, let it rock you, let it rock you

Let it rock you, let it rock you

Where's the response?
