

# Prodigy, Fuel my Fire (Vocals by Keith Flint Saffron)

I've got word of thanks  
that I'd like to say  
for the rage that I feel  
today.

Gotta stack, gotta stack  
stack of chips on my shoulder  
in everything I do  
cuz I made, I made  
I made the mistake  
of trusting you

Yeah, people like you just fuel my fire  
Yeah, people like you just fuel my fire  
Yeah, people like you just fuel my fire  
People like you just burn

You liar

You liar

You liaaaaaar

You liaaaaaar

Yeah, my layers are thick  
and I've got a bad attitude.  
Yeah that knife in my back  
has fingerprints that belong to you.

Got a grudge, got a grudge  
got a grudge that I'm holding  
for as long as I live  
cuz you lied, you lied  
you lied to my face  
and that's something that I can't forgive

Yeah, people like you just fuel my fire  
Yeah, people like you just fuel my fire  
Yeah, people like you just fuel my fire  
People like you just burn

You liar

You liar

You liaaaaaar

You liaaaaaar

Yeah, people like you just fuel my fire  
Yeah, people like you just fuel my fire  
People like you just fuel my fire  
While people like you just burn!

You liar

You liar

You liaaaaaar

You liaaaaaar
