

Project 86, Put Your Lips To The TV

You want my head in a basket
(cause) This town ain't big enough for
The two of us are disaster
I'm not your 'stepchild' anymore

You can kiss me goodbye
Just put your lips to the TV

You want my head on a platter
Cause I'm no longer in your control

You can kiss me goodbye
Just put your lips to the TV
Cause it's the only way you will see me again
