

Project Pitchfork, Citynight

You saved me from the black hole in my heart
With you by my side I fly through the citynight

You're touching me
With dazzling light
Never-ending lust
You substitute the night

With you my love
Reality turns into fiction
You charmed my mind
And I love this sweet addiction

The citylights in front of us
Are gleaming in the night
Rush rush
Or it will be too late
To let my soul ignite

Strangers passing
Never lasting
Frozen faces
They appear on the screens
And they don't tell me anything

Let me share your wisdom - baby
Let me become a part of you
Nothing means anything to me but you
You fill my emptiness inside
With words giving me hope
With you by my side
I'll survive another night
