

Project Wyze, Strangers Among Us (Internet Vers

~love changes and best freinds become strangers~

they say money is the root of all evil
but i think its people
so many freinds say they would die for you but they lie to you
you were one i thought would never betray me
so where you been hiding latley?
its kinda funny how you played me
like a violin, thought we would die as freinds
caught in your lies in the end
we could start over and try it again
your irresposibility leaves me with no trust
i would'nt stab you in the back but thats the difference between us

you sold me out and thats the reason i hate you
you got a free ride home and i didnt even get a thank you
you thought you could just walk away from this battle
well tell me how does it feel to still stand and cast a bobbing shadow?

tell me whos your freinds...ha
because you never know,
i cant forgive, i cant forget and i cant let it go
sometimes i wonder why your friends before you come to hate
crashes like thunder...why? i'll never know

tell me whos your freinds...ha
because you never know
i cant forgive, i cant forget and i cant let it go
cauze time changes and love changes
and best friends become STRANGERS

they say time heals all wounds but im still bleeding
seein freinds become enemies
now whats left?
nothing but bad memories
im feeling confused, used and left stranded
im feeling played and betrayed, i know you planned it
i know you thought you left me empty handed
you know where yas and bobby are headed and you cant stand it
Goddamnit
we used to be freinds, now were foes
you chose the wrong path
ok, were going seperate ways
we'll see who gets the last laugh

you sold me out and thats the reason i hate you
you walked away and im glad i had to replace you
you stabbed me in the back with a gauntlet in the night
tell me how does it feel to make it worse by stickin to your lies

tell me whos your friends...ha
cauze you never know
i cant forgive, i cant forget and i cant let it go
sometimes i wonder why your friends before you come to hate
crashes like thunder...why? i'll never know

tell me whos your friends...ha
because you never know
i cant forgive, i cant forget and i cant let it go
cauze time changes and love changes
and best freinds become strangers

enemies...ha
freinds...ha

enemies...ha
freinds...ha

tell me whos ur freinds...ha
because you never know
i cant forgive, i cant forget and i cant let it go
sometimes i wonder why your friends before you come to hate
crashes like thunder...why? i'll never know x3
