

Projet Orange, A.R.S.E.

Yesterday no one could feel the same I was alone by the way
Yesterday no one could feel the same I was alone by the way

Yesterday
Yesterday

I'm happily down
I don't drive in my car
All day faraway

(Will they find me out now?)

I'm happily down
You're walking so far out
I'll be down, down

Down, Down

I'm happily down
I go drive in my car
Happy forward

Yesterday no one could feel the same I was alone by the way
Yesterday no one could feel the same I was alone by the way
