

# Promenade, Luscious Dream

Night after night  
A bread and bakery banquet bursting with banana cream  
Through the jelly  
I heard you scream

When will you feel like yourself again?  
When will you feel like yourself again?

Day after day  
If its okay  
I wouldnt mind a wonder wishing well into my way  
Some lovely love me  
Nobody say

When will you feel like yourself again?  
When will you feel like yourself again?  
Whoooo. Whoooo. Whoooo. Whoooo.

Youve had enough of me  
You get enough of me  
Had enough of me  
Get enough of me, aaaaah.

Night after night  
A bread and bakery banquet bursting with banana cream  
Through the jelly  
I heard you scream

Day after day  
If its okay  
I wouldnt mind a wonder wishing well into my way  
Some lovely love me  
Nobody say

When will you feel like yourself again?  
When will you feel like yourself again, Honey?  
When will you feel like yourself again?  
When will you feel like yourself again?  
Whoooo. Whoooo. Whoooo. Whoooo.
