

# Protector, Sliced, Hacked and Grinded

Sliced, hacked and grinded  
By a mortal undead  
Chosen for dinner  
Pay it all you sinner  
Atomized cellular tissue  
Death wants to kiss you  
Life will leave your brain  
Enjoy the bestial pain  
Brutalized being  
Lecherous watching tattlered guts  
Hacked into thousand pieces  
It's really a titillating sight  
Grinded genitals  
Lovely stench of putrescence  
Desintegrated brain  
Comminuted corpse  
Sliced...  
As the body is thrown into the cloaca  
You know it was a sacrifice  
To ssacrac, the Gods of gore  
Still chewing with great relish  
Stomped into the ground  
You know it was a sacrifice  
To ssacrac, the Gods of gore  
You know it was a sacrifice  
Sliced, hacked and grinded to the bone
