

Protector, Urm the Mad

Urm the mad is coming
The leader of our reign is here
Urm the mad - urm the sad
Urm the mad - urm will be king
Fly into the castle of darkness
Bring light into the land
Urm the mad - urm the mad
Urm the mad is coming
The leader of our reign is here
The cloven one will rule
He's the bastard son
Urm the mad - urm the mad
Ruler! Conquerer!
Now and here
In these times of fear
We need urm, urm the mad
Urm the wise and just
Urm the mad - urm the sad
Urm the mad - urm will be king of this world!!!
