

# Psychopunch, Greatest Waste of Time

Born stiff with a deathwish on your mind  
Born to be a man but a pussy inside  
Slam your iron fist against the wall  
Go tell the world you gonna fuck it all

Destination nowhere looks alright  
With an empty head you look so damn surprised  
Fly your middle finger on judgement day  
Your mind is made up there is no other way

Can't you see - I don't believe  
I can't believe that people are for real

It's so easy - walk on by and never learn  
It's so easy - never mind just crash and burn

Passion is for faggots and we all know  
We gonna kick some ass at the topless rodeo  
Just close your eyes and please don't say a word  
Pissing out the poison I guess it hurts

But hey is there something you wanna say  
Before the good Lord takes you away  
Salvation don't mean much and the firstborn is out of touch  
And the time is ticking in  
For all the people who lives in sin  
They all reach out for the sky  
The even pray before they die  
And I watch them walk on by  
And it's the greatest waste of time  
It's the greatest waste of time  
It's gonna be a tough sucker for this poor old heart of mine
