Don't like the look of this old town  
What goes up must come down  
Character is lost and found  
On unfamiliar playing ground

Get out of my world  
(What in the world)

Shoboxed around the rifle range  
Have all your functions rearranged  
Your mind and body gagged and bound  
On a new familiar playing ground  
The ordinary will ignore  
Whatever they cannot explain  
As if--nothing ever happened  
And everything remained the same again

(What in the world)  
What in the world  
(What in the world)  
Get, get out of my world  
(What in the world)  
Get out of my world...  
(What in the world)

Get up, get out, get out of my world (6x)

Open your mouth now!

Secret signs and knowing looks  
These sunny days will cook the books  
Happy to take the misery  
This mortal life can bring to me  
Don't like the look of this town  
What goes up must come down  
Character is lost and found  
On unfamiliar playing ground

(What in the world)  
What in my world  
(What in the world)  
What in...  
(What in the world)  
Get out, get out, get out of my world  
(What in the world)

Palaces, barricades, threats, meet promises (8x)
