

# Puffball, High Powered

Ring those bells and make them rise.  
I see sparks shoot from your head and it's looking nice.  
Fire your weapons, don't say okay.  
Do you like this system when you pay to pay ?

I'm like a thousand tanks and I ain't no coward.  
I'm not shooting blanks, I'm high powered.

Lit the fuses, crank up the gain.  
There's nothing as refreshing as a runaway train.  
Crank the siren and lead the way.  
I see a big sun shining not a single ray.

I'm like a thousand tanks and I ain't no coward.  
I'm not shooting blanks, I'm high powered.

Put away the pills and go over the top.  
Bring on a smack 'em up fiesta and wake them up.  
Punch 'em in the kidneys, let it get out of hand.  
Create a disorder in this do-this-land.

I'm like a thousand tanks and I ain't no coward.  
I'm not shooting blanks, I'm high powered.
