Bokura wa tsuzuketa toriaezu tsuzueta
Ame ga furinagareta

Tsukareta karada de oboete iru no wa
Kinou no wadai to kyounen no tanjoubi
Zasshi de mikaketa shashin wo tayori ni
Bokura wa dekaketa tebura de dekaketa
Yoru ga nuritsubushita hana ga saki kakushita

Ame to kaze yoru to hana kimi ga tasukete kureta

We got disgusted everyday with everyday life
We didn't get it, but we kept on anyway
Then the rain and wind washed the tedium away
I'm exhausted as I recall last year's birthday, topics from yesterday.
Because of a magazine photo, we walked away empty.
The night painted everything.
Blooming flowers hid it all.
Look at the sky extending far as you can see.
Look at the ocean, connecting our nation
We forgot everything for a while
But we didn't forget to be fair
Rain and wind, night and flower.
You helped me
The sun comes along no matter where we go
No one gets in our way
I got it that everything is to forget
I moved into tomorrow with fairness on my mind
We promises the ocean and the blue sky
