Wake up early  
Open the window  
Right on schedule  
It's Sunday  
Watch TV  
While I change my clothes  
Weather report comes on  
I'm so happy the day will be fine  
I hear the highway calling me  
Gonna drive on out to where I always go  
Slipping through the city  
And out of my chains  
Now I'm really free  
Life's exactly like taking a drive  
And I'm the one who makes my own road  
Streaming through the crowds  
And all the ups and downs  
I'll be just gliding on by  
Smooth and easy  
Getting closer I can see  
Now I'm really free  
It's Sunday
