Wake up early

Open the window

Right on schedule

It's Sunday

Watch TV

While I change my clothes

Weather report comes on

I'm so happy the day will be fine

I hear the highway calling me

Gonna drive on out to where I always go

Slipping through the city

And out of my chains

Now I'm really free

Life's exactly like taking a drive

And I'm the one who makes my own road

Streaming through the crowds

And all the ups and downs

I'll be just gliding on by

Smooth and easy

Getting closer I can see

Now I'm really free

It's Sunday
