

Pulley, Suitcase

finally agreed to pledge my allegiance here i've agreed to make a change
swallowed my pride enough to bow out on my own
they want to make you feel like you're the one to blame
pick up the past and let it go
writing you to tell you how to say i told you so
now i know what it means to be wanted
now i know how it feels to be wanted
now i know how it feels to be wanted
watch everything fall through

just learned your name again and i couldn't take that look away from you
going back to see how it disappeared remember last year when we were here
open mind when you needed me and my heart was open too
writing you to tell you how to say i told you so
now i know what it means to be wanted
now i know how it feels to be wanted
now i know how it feels to be wanted
watch everything fall through

now i think i do and i'm falling down
and you never say anything
that's just how you feel when you're falling down
and you never say anything at all
anything at all

you don't know how it feels to be falling down like
you don't know how it feels to be falling down like me
