Pulp, We Are The Boyz

Ooh / We are the boyz / And we are class / At getting trashed So make some noize / We are the boyz / We are the lads We sleep with slags / We nick their fags / We got no choice We are the boyz / Oh we are the boyz / We don't ask why Because we're alive / We are the boyz / We are the boyz We're in the place / So shut yer face / You got no choice We are the boyz / We are the guys / We're getting high While you're getting by / So just make some noize 'Cos we are the boyz / Oh we are the boyz / And we don't ask why 'Cos we're always right / Because we're alive / Oh we are the boyz! We are the boyz / And don't look now / 'Cos we're coming down Don't make no noize / Cos we are the boyz / Now we are the men And that was then / It won't happen again / But we had no choice Cos we're the boyz / Oh we were the boyz / But we're not any more Not now we're so mature / Now we've got insured Because we're not so sure / No we're not so sure / Oh no we're not so sure Not so sure / Not so sure as we were / When we were the boyz We were the boyz / Oh, we were the boyz / C'mon, we're still the boyz We're still the boyz / Oh, we're still the boyz / Oh c'mon, we are the boyz We are the boyz / Oh, we are the boyz.
