

Pulse Legion, Release

Release

Demise

This fate of yours

Resist temptation

The wrath

The book of your law

Submit

To your rejections

Deceiving eyes persist with

The face reflecting your life

So give me the memories

of wars lost inside me

Follow the footsteps

The path you dont see

In me

In you

you run fast

you hate last

you backtrack

And fade back

Save me

Release me

Take me

Your wisdom ios mine

Defend your last rite

From the rest

The Wicked

Malign your strength

To lose against dominions mine

Everywhere

Everywhere here

Everywhere

Everywhere its there

Save me

Release me

Take me

Your wisdom is mine

Release me

Show me

Hate me

My life was the crime

Save me

Release me

Take me

Your wisdom is mine

Release me

Show me

Hate me

My life was the crime
