

Pulse Legion, Who Decides V.2.0

Who Decides V.2.0

You decide to take it
For a second chance
The message in my head
You oughtta take it back

Who decides

See the vision up ahead
Far down below
The choices i have made
Why wont it show

Tomarrow has gone away
As the past left behide in the clear
Take it day by day
For the Rest
The end is near

Who decides

Your accusations
Who decides
To begin to see
The vision
Your soul
Change the solution
To the problem
Left soul
Time to let go
