

# Pungent Stench, Retaliation

Baptized in excrements  
I am the chosen one that brings salvation  
The scourge of him who owns your souls  
Defecating flame of god - chastisement

I bathe my leprous limbs in blood  
read the prevision in my guts - world demise  
Receive the holy communion  
And share the corpse of Christ with me - taste his flesh

Fervent angel - I'm breathing fire  
Acid is pouring through my veins  
putrid bringer of retaliation  
sanctify the human blain

pest control of our creator  
I purge the bowels of the earth  
strip the skin of every traitor  
blood stained from vaginal birth

unsoundness  
and outrage  
has venommed  
the shameless

the root of  
all evil  
no hope for  
retrieval

killing spree - relentless gutting  
visitation for your sins  
The time has come to face your master  
let the massacre begin

to pave my way with bones  
to drink the unteachable's blood  
to gouge out the eyes of the blind  
to bring credence mankind  
painful deliverance  
tonight everything ends
