

Push Play, Dreamers

I'm wondering
Aimlessly to get you off of my mind
The city lights
Shine so bright
Brings back the look in your eyes
Speechless
Motionless
Can you hear me?
[Can you hear me?]
So here's your song
For what I've done wrong
How could this happen?
Singing
We were Dreamers
Every single day
Singing
We were Believers
In every single way
I'm running out
Just to try and catch you
Out of breath
Hopelessness
I'm running out
Clever words to keep you here with me
Smiling
I'm keeping out
Thousands of emotions in my head
On the bed
So here's your song
Of what I've done wrong
Singing
We were Dreamers
Every single day
Singing
We were Believers
In every single way
[Yeah]
I'm not ready to go
[Ohhh]
Do do do
Do do do
Do do do
Do do do do do
Do do do do do do do
Singing
We were Dreamers
Every single day
Singing
We were Believers
In every single way
Take it fast
Take it slow
Pass the time
And don't let go
Faster now
Than ever before
Close your eyes
And shut the door
We'll take it fast
We'll take it slow
Pass the time
And don't let go
Faster now
Than ever before

Dreamers
