

Pushmonkey, Maybe

Maybe you could stay
Maybe I could wander
Maybe you could stray and
Maybe I could pull you under
Maybe you could sting
Maybe I could play
Maybe you could mitre and
Maybe I could break your thunder
Come in all the air in here is mine
Swallowing it up I will this time
Maybe you could rule
Maybe it's your way
Maybe you could conquer me
Maybe I won't say
I won't say
Come in all the air in here is mine
Swallowing it up I will this time
Crawl out for this
So safe and over-jaded
Covered, rusted
Head buried under
Crawl out for this
Headed and jury faces
My weakness
Is over fed
When I am weakest
I am still stronger than you
When I am weakest
I am still stronger than you
When I am weakest
I am still stronger than you
When I am weakest
I am still stronger than you
Crawl out for this
So safe and over-jaded
Covered, rusted
Head buried under
Crawl out for this
Headed and jury faces
My weakness
Is over fed
When I am weakest
I am still stronger than you
When I am weakest
I am still stronger than you
When I am weakest
I am still stronger than you
When I am weakest
I am still stronger than you
When I am weakest
I am still stronger than you
