

Pushmonkey, Pissant

think you can hear me now
I don't think I like you
You're perfect like a pet
Can't call my trenchcoat dirty now
I'm just a pissant you'll never forget
You'll never forget

Get Up What'd you say to me
Get Up What'd you say to me
Get Up What'd you say to me
Watch what you say to me

Shut up and kick me, I think you hear me like you did when you were alive
Shut up and kick me, you can't spit on me like you did when you were alive

Take it to the hallways
Where there's clutter I will clear
I think you can hear me now
With my gun up to your ear
Upto your ear upto your ear upto your ear

Get Up What'd you say to me
Get Up What'd you say to me
Get Up What'd you say to me
Better watch what you say

Get up and kick me, I think you hear me like you did when you were alive
Get up and kick me, you can't spit on me like you did when you were alive
Hey there pissant what's that you say?
With a mouth full of blood I hear you better today
You are the mother of my own shit
I'm just a pissant you'll never forget

Get Up What'd you say to me
Get Up What'd you say to me
Get Up What'd you say to me
Get Up You'll never forget
I'm just a pissant you'll never you'll never forget
