

Pussycat Dolls, Away

I remember the time the time that we had
I remember the things that use to make you mad
And I wish I could turn back the time
And I wish I wouldnt cry every night
I remember the time
Clock always ticken thats no question
I did you wrong I must confess not my intention
When I mention your name I feel the pain I feel ashamed
If I could I would its only me that I can blame
My time was on I had to move no substitution
I took the risk although no conclusion
Lack of piece of mind to go the same direction
Time is never personal you win or loose relationship
Thats the way how it goes
Deeply heart from your head to your toes
Slow mo see you dragging
Down the hole

You should be where you belong in the front row
I cried everyday and improved my behavior
You can't see what I see tell me why are you angry
Forgive your enemies let the lord be your savior
In good I will trust
Cause I know he will remember

(Chorus)

I remember the time the time that we had
I remember the things that use to make you mad
And I wish I could turn back the time
And I wish I wouldnt cry every night
I remember the time

(Sarah)

Join me on a ride what the clue explanation
Talk about the time you and me lets go fishin
Brainstorm I bring the vibes shut
Your mouth better listen
Fighting everyday still dont know the definition
Time is money and time will tell
Sunshine in heaven or grill in hell
Society make the pace join the race and obey
One for the money and two the space three hooray
I wanna thank G.O.D. the inventor
Kept at least an eye on me and
Put me in the Center

I remember 1996 in December
Booya is the name and Sarah is the member
I cried everyday to re-arrange my behavior
You can't see what I see to tell why you are angry
Forgive your enemies let the lord be savior
Finally hell put you through
Cause he will remember

(Chorus)

I remember the time the time that we had
I remember the things that use to make you mad
And I wish I could turn back the time
And I wish I couldnt cry every night
I remember the time
