

# Pussycat Faster, Poison Ivy

Baby, baby why won't you let me be  
You're a major pain in the ass, I do need the hassle can't ya see  
Please I need some piece of mind  
That I was hoping I could find  
But you just kept a buggin  
Till I was crawlin under the rug and baby  
Stressin, jump back baby back away  
Get off my back you monkey  
Ya got my nerves jumping like a junkie today

Poison ivy ya come creepin up right behind me  
You make me itch baby you're so unkind  
Poison ivy you're like poison ivy  
You make me itch and I'm out of calamine

So this is how you get your kicks  
Lickin up everything after me  
Baby don't pet my dog and certainly don't mess with my birds or my  
bees  
Jesus I got a peeping Tom  
And I was hoping she was gone  
But she just kept a knockin  
Till I was crawlin under a rock and baby  
Stressin, jump back baby back away  
Get off my back you monkey  
Ya got my nerves jumping like a junkie today

Poison ivy ya come creepin up right behind me  
You make me itch baby you're so unkind  
Poison ivy you're like poison ivy  
You make me itch and I'm out of calamine

Poison ivy ya come creepin up right behind me  
You make me itch baby you're so unkind  
Poison ivy you're like poison ivy  
You make me itch and I'm out of calamine
