

# Quasi, Seal The Deal

You don't have to understand it to make it -  
Or make it go away.

You can't walk around pretending to fake it -  
It doesn't work that way.

You don't have to be a pro to play.

You might believe it's just a delusion

Or you might think it's real.

You don't have to overcome your confusion -

You only have to feel.

It's long past time for you to seal the deal.
