

Queen, Don't Lose Your Head

Don't lose your head
Don't lose your head
No don't lose your head, Don't lose your head (twice)
Hear what I say
Don't lose your way - yeah
Remember, loves stronger, remember love walks tall
Don't lose your head
Don't lose your head
Don't lose your heart
No don't lose your heart
Hear what I say
Don't lose your way - yeah
Remember loves stronger, remember love walks
through walls
Don't drink and drive my car
Don't get breathalysed
Don't lose your head
If you make it to the top and you wanna stay alive
Don't lose your head
Don't lose your head
No don't lose your head
Hear what I say - yeah
Hey, don't lose your way
Remember love's stronger, remember love conquers all
Don't lose your head
Don't lose your head...
