

# Queens Of The Stone Age, Do It Again

I fall over, and over and over, over oh I want you  
I get in, I get in, I get in youre the only one Im into  
You and me fit so tight  
I go lower and lower and lower, lower living easy  
I dont know how long I got till its over  
You and me fit so tight  
Can you do it again?  
do it again  
do it again  
can you do it again?  
All the way, all the way, all the way  
there's no where left we can be  
Im into what you do but I leave you nowhere  
You and me fit so tight  
All we need is one more time  
Can you do it again?  
do it again  
do it again  
can you do it again?  
do it again  
do it again  
can you do it again?  
Only get to live one life  
Wont pretend youre only mine  
Where will you go when  
We all fall away?  
So do it again  
do it again(x5)
