

Queens Of The Stone Age, Everybody Knows Th

You wanna know
Why you feel so hollow?
Because you are
You're missing out?
Well if you say so
Then you're missing out

Everybody knows that you're insane (x2)

You wanna know
Just how long you can hide from
What you are?
Not very long
I have been lost
Down every road I follow
Out in the dark
On my way home

Everybody knows that you're insane (x4)

But I feel nothing. Am I better yet? (x4)

Everybody knows that you're insane (x4)
