I don't care what the peephole say

If ya gotta knock, then go away  
Oh fears, idears they grow like a weed  
Used to was my brain, but dirty thoughts just came & came

No time in life for shit  
Spoonful by the pound, ain't having it  
Do you practice to preach or pretend to be?  
You a tiger, a trash can, royalty?  
I don't care what the peephole say  
Going deaf deliberately

& the wolf's on the creep with the sheep on the merry go round  
& the shepherd sleeps while blood seeps into the ground  
On the outskirts of town where headlights bleed  
Oh, Teen Angels in tangles

I don't care if the people grow  
They all say done did doesn't make it so  
That a school or a prison? Look same to me  
I got one eye open & one hand free

I don't care what the people know  
The worlds gonna end in a month or so  
You may run the institutional learning facility  
But you don't run her & you don't run me  
I don't care what the peephole say  
Gotta tip for your trip cop stoppying me

& the wolf's on the creep with the sheep on the merry go round  
The shepherd sleeps while blood seeps into the ground  
On the outskirts of town where headlights bleed  
Oh, Teen Angels

Tonight is the night. The kids are taking you to school  
Tonight is the night. Setting fires, breaking rules  
Tonight is the night. You ain't who we answer to  
Tonight is the night. You ain't so fucking cool  
We got our eye on you

& the wolf's on the creep with the sheep on the merry go round  
Tonight is the night. The kids are taking you to school  
...On the merry go round  
Tonight is the night. So whatchu gonna do?  
...On the merry go round  
Tonight is the night. Setting fires, breaking rules  
Tonight is the night. Future tripping, skipping school  
Tonight is the night. You ain't who we answer to  
Tonight is the night. Tables done turn on you  
We got our eye on you
