

Quietdrive, Voice Of Reason

Would you let all your friends down?
Is your love in drugs and money?
Did you care enough?
Not before you said
Its not too late

We have waited all our lives
To become something more than nothing
Did you think more of us now?
I said

Chorus
Its not too late
Im not that scared
Of it anymore
Oh yeah
Thats why
You are the voice of reason
I know the reasons why
Weve covered up our treason
Cant seem to find out why

(Cant seem to find out why)

So Ill take all your advice
And Ill check to see if Im running
Cause its not like I can care enough
Its not too late

Chorus
(Im sick and tired of pulling down)

Ill pinch the mouse trap on this one
Ive had the most in on this one
(Youll turn away, youll turn away)
Ill play my cards out on this hand
Ill separate it while I can
(Youll turn away, youll turn away, youll turn away, youll turn away)

(You are the voice of reason)
(I know the reasons why)
You are the voice of reason
I know the reasons why
We covered up our treason
Cant seem to find out why
(Im sick and tired of pulling down)

This time Im not
Shy anymore
Now this time Im not
Shy anymore
Now this time Im not
Shy anymore
Now this time Im not
Shy anymore
