

Qwote ft Shaggy, Don't Wanna Fight

[Chorus:QWOTE]

I don't wanna fight, I don't wanna fuss girl
Tonight I just wanna make, make love girl
I don't wanna fight, I don't wanna fuss girl
Tonight can we just make, make love girl
Love Love Love Love Love Love
Love Love Love Love Love Love
Tonight can we just make
Love Love Love Love Love
Love Love Love Love Love
Tonight can we just make
LOVE

[Verse 1:QWOTE]

Lately (lately), We've been going through it baby (baby)
Slammin' doors and yellin' like crazy (crazy)
Cusin' each other out everyday (everyday), everynight (everynight)
Girl I (girl I), Just wanna put it all aside (aside)
And focus on your body tonight (tonight)
Kiss you on your lips while I stroke your head gently
Let's try to flip the script tonight

[Hook:QWOTE]

Cause I just wanna chill
Girl I wanna feel your body next to mine (to mine, to mine)
Don't wanna scream, girl can we please hold each other tight (all night)

[Chorus:QWOTE]

I don't wanna fight, I don't wanna fuss girl
Tonight I just wanna make, love girl
I don't wanna fight, I don't wanna fuss girl
Tonight can we just make, love girl
Love Love Love Love Love Love
Love Love Love Love Love Love
Tonight can we just make
Love Love Love Love Love
Love Love Love Love Love
Tonight can we just make
LOVE

[Verse 2: SHAGGY]

Love, let me kiss and caress and hold ya
Just for the night let my love control ya
Sorry for the pain and the lies i told ya
From the hurt that i've caused let me please console ya
Give a chance for us to make things right
Lets make love instead of fussing fights
Everything's gonna be alright
Let me in, let me dim the lights, hold on tight
Insane love makes you do some strange things
Say those words and your whole damn life changes
You think you can last forever
She asked if you'd cheat and you say never
I dont think that i'm all to blame
But ima need a big amount of side here to handle her, oh
I cant deny a lover, so lets make love my lover

[Hook:QWOTE]

Cause I just wanna chill
Girl I wanna feel your body next to mine (to mine, to mine)
Don't wanna scream, girl can we please hold each other tight (all night)

[Chorus:QWOTE]

I don't wanna fight, I don't wanna fuss girl
Tonight I just wanna make, love girl
I don't wanna fight, I don't wanna fuss girl
Tonight can we just make, love girl
Love Love Love Love Love Love
Love Love Love Love Love Love
Tonight can we just make

Love Love Love Love Love
Love Love Love Love Love
Tonight can we just make
LOVE
