

Qwote, Same Shit (feat. Pitbull)

no more lying to you..
i tell the truth even when i lie
what a true lie...
yeah i'm down to the truth
that's right
we can go back and forth
with the name shit with the blame shit
we can breakup to makeup
basically the same shit..

girl i know you saying...
you heard this hole shit before
but this time ain't lying
don't wanna hurt you no more
them other chicks mean nothing to me
i was wrong and i'm sorry for that
girl i swear i wanna be..
i belong to you darling that's a fact!

i know this sounds like the same shit
but this time girl i mean it
no more lying to you..

i know this sounds like the same shit
but this time girl i mean it
no more lying to you..

no more playing..
don't wanna hear that is thru
girl i swear..
i'm changing i'm only focused on you
the other girls mean nothing to me
i was wrong and i'm sorry for that!

i know this sounds like the same shit
but this time girl i mean it
no more lying to you..

i know this sounds like the same shit
but this time girl i mean it
no more lying to you..
