

# R. Kelly, Double Up

(feat. Snoop Dogg)

[R. Kelly:]

Alright now we got that out the way  
Let's double up  
It's your boyfriend  
Look we're in the club you trying to decide whether you gonna leave with me  
You don't know because you got your girl with you  
Bring her with you  
Uh, bring her with you  
I got a place she can stay in my crib  
Let's go

[Chorus: R. Kelly]

Step up out the club with a dizzy head  
I got two chicks both got dizzy legs  
Im about to double up  
You know im about to double up  
Pop off in that Phantom with the doors suicide  
I got a freak in the front, and a freak in the back  
Im about to double up  
And you know im about to double up  
Double up

[Verse 1:]

I fall through the spot Kell's on the prowl  
I see these honeys and they're dancing all wild  
All upon eachother whining real freaky  
Im plotting how im gonna take them home with me  
Maybe her cousin, maybe her girlfriend  
I just wanna get them both up out of here  
Fast as I can on them dubs to the crib  
Start off in my game room pop a little bub  
And have them dance for me like they danced in the club  
Oo they're so freaky and both of them horny  
Shot some tequila puff some dro and now they're ready  
Her girl holla out we're best friends  
And then I holla out ya'll look like twins  
Ain't no competition ya'll a couple of tens  
And then they say Kelz tell us whatcha wanna do  
Well I'm about to double up with you and you

[Chorus]

Step up out the club with a dizzy head  
I got two chicks both got dizzy legs  
I'm about to double up  
(One on each arm)  
You know I'm about to double up  
(I keep one on each arm)  
Pop off in that Phantom with the doors suicide  
I got a freak in the front and a freak in the back  
I'm bout to double up  
(One on each arm)  
And you know I'm bout to double up  
(I keep one on each arm)  
Double up

[Verse 2:]

Pimping don't stop when I walk up in the club  
See a girl with a girl and try and get a group hug  
Get em' to the hotel  
Get some group love  
Her (her) me man I just can't get enough  
All up in my tub

Steady poppin bub  
Who is she to you and she replied "First cuz"  
Man I could tell they so naughty, naughty  
The way they took me down like a forty, forty  
One in the bed and one in the chair  
One massage my toes while one braid my hair

In the private spot like two of these playas  
In the car lot like two of these playas  
Hatas saying damn how he doin this playa  
Doublin up for me is like routine playa  
I'm a go getta  
Mix em up like I'm a dealer  
Man three's company bitch call me jack trippa

[Chorus]  
Step up out the club with a dizzy head  
I got two chicks both got dizzy legs  
I'm about to double up  
(One on each arm)  
You know I'm about to double up  
(I keep one on each arm)  
Pop off in that Phantom with the doors suicide  
I got a freak in the front and a freak in the back  
I'm bout to double up  
(One on each arm)  
And you know I'm bout to double up  
(I keep one on each arm)  
Double up

[Verse 3: Snoop Dogg]  
I'm back up in the VIP  
In a cloud of smoke  
Be poundin surrounded by all my folks  
Give me another shot  
Damn the music loud  
I'm about to mix it up and blend in in the crowd  
Grip slip slide by the dance floor  
Baby grab me by my hand say she wanna dance OH! (oh!)  
Is that ya girlfriend peepin me out?  
Sho nuff it must be cuz now she freakin me out  
She get behind a nigga  
Grindin on a nigga  
Touchin on me  
Whisperin in my ears  
Damn it sound lovely  
I'm infatuated  
We evacuated  
Now we at the crib it's  
Two for the money that's the life I live  
Kiss me, kiss her, now kiss each other  
It's a trip the way ya'll make these chicks twist each other  
Take your shirt off  
Now ima take hers off too  
It's double or nuttin baby that's how tha boss do

[Chorus]  
Step up out the club with a dizzy head  
I got two chicks both got dizzy legs  
I'm about to double up  
(One on each arm)  
You know I'm about to double up  
(I keep one on each arm)  
Pop off in that Phantom with the doors suicide  
I got a freak in the front and a freak in the back

I'm bout to double up  
(One on each arm)  
And you know I'm bout to double up  
(I keep one on each arm)  
Double up
